family

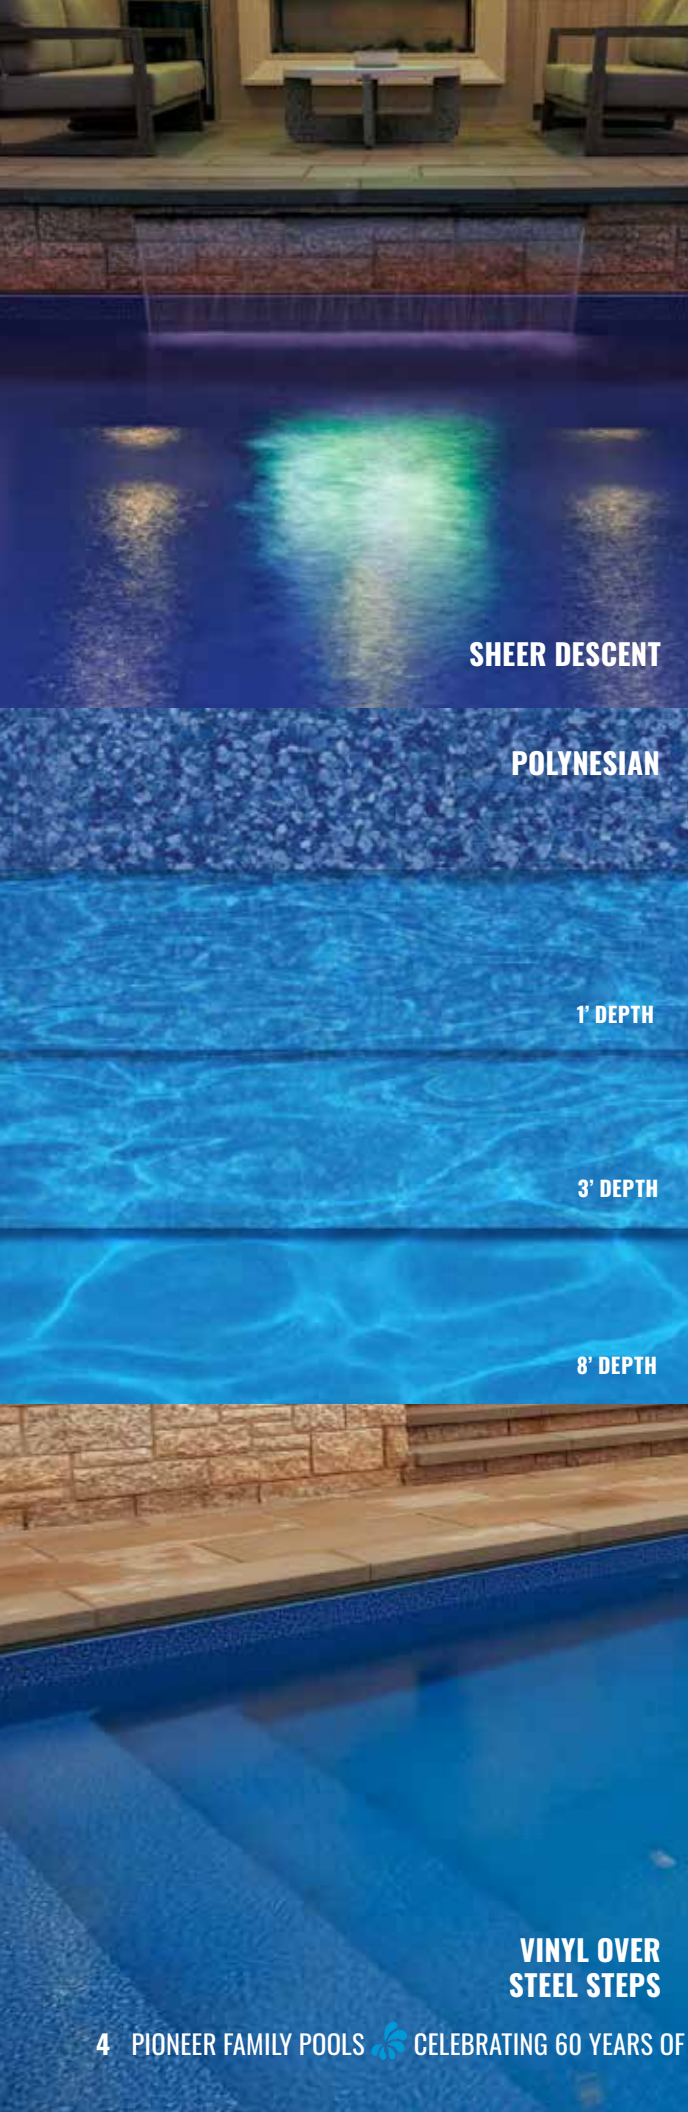

it's time.
let's celebrate

**fabulous
retreats**

Since 1965, Pioneer Family Pools has been all about more than just installing pools—it's about creating spaces where families make amazing memories. This year, we're celebrating 60 years of family fun, and we couldn't be more excited! Decades of experience have taught us what matters most to our customers, and we're always looking for new ways to make your backyard dreams come true. Here's to 60 incredible years and many more to come!

VINYL OVER STEEL STEPS

We had a very positive experience, from beginning to end. We were dealing with the Burlington location. Our pool installation was managed by Jeremy Snowball. It all went like clockwork! I cant say enough good things about our experience. Whenever there was a decision to be made, Jeremy was on site to overlook everything.

Our pool project started on time and was completed on time. If you are thinking about having a pool installed, I recommend Pioneer Family Pools with confidence.

Tina Baker

The Allen's MODERN OASIS

From the outdoor lounge area and the brilliant blue liner to soothing natural landscape, the Allen's backyard is a stunning retreat!

A magnificent combination of colour and texture is used in the Allen's Inground Pool to create this dreamy outdoor retreat. The vinyl over steps, sheer descent, and multicoloured lighting makes up the key characteristics of this rectangle pool that measures 15'x30'. The Vinyl-Over-Steel Steps that run the length of the shallow end are perfectly framed by the poolside poolhouse, which also provides the way in and out of the shallow end. The soothing sound coming from the Sheer Descent Waterfall is one of our favourite features of this space as it really contributes to the relaxing atmosphere.

The Multi-Colour Lighting System adds atmosphere and peaceful nocturnal energy to their outdoor sanctuary, making nighttime swims there extremely memorable.

The deep Polynesian Liner creates a summer retreat fit for royalty, or your closest family and friends. With ample poolside seating, the party will never have to stop as you make your way from poolside lounging to being fully submerged in this inspired inground pool.

The Simon's RESORT INSPIRED OASIS

The Simon's backyard is one for the books & is something that you have to see to believe!

We are confident that guests of the Simon family won't want to go home from this freeform resort style oasis. Their 40' x 40' custom Inground is complete with a Natural Waterfall from an upper pool area and a full swim-in Grotto. Guests can swim into the Grotto from the main pool, or lounge on top of it in the upper pool; the Simon's pool has plenty of options for swimmers. The Full Avalino Vinyl Liner keeps this pool looking bright and inviting all summer long.

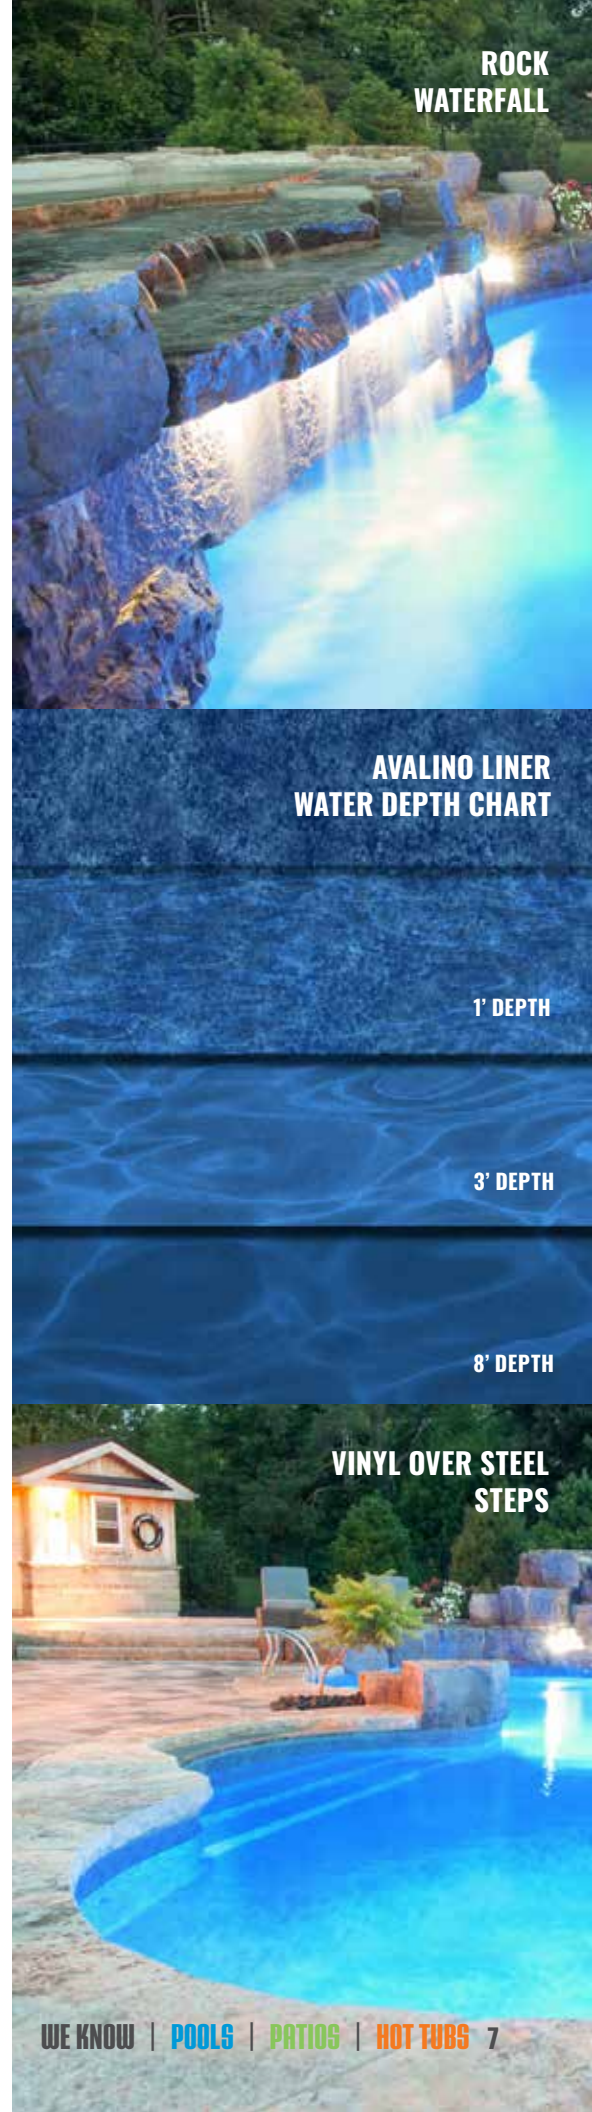

The fun does not stop there! This sprawling yard also hosts a custom putting green, a covered outdoor kitchen, cozy lounge areas and a patio/dining area. The Simon's and their guests will never be bored in this wonderful escape. From evenings spent lounging by the Outdoor Fireplace, to splashing around in their large ground, this backyard was a dream that became reality.

We worked with Landecks Landscaping to complete this jaw-dropping masterpiece. Landecks Landscaping is a Flamborough based landscaping company servicing Oakville, Milton, Burlington, and surrounding areas.

I cannot say enough about Pioneer Rymal, and Chris in particular. Communication was excellent. Chris was able to recommend the various trades required to do the job (electrical, gas, fence, landscape). Once we had our team in place, Pioneer Family Pools managed the entire project front to back. The process was completely worry-free, and could not have gone more smoothly. I highly recommend Pioneer Rymal.

VINYL OVER STEEL STEPS

This is the 4th pool I have had installed at various houses. By far the most professional installation and customer service ever, including some very high-end pool companies. 100% on time and on schedule. Highly recommend Bryn and the team at Pioneer Family Pools in Oakville.

Gary Bryant

The Dagmeir's CONTEMPORARY OASIS

The Dagmeir's inground pool is a stunning example of modern design and functionality.

The Dagmeir's inground pool is a stunning example of modern design and functionality. With a sleek rectangular shape, measuring 8' x 30', this pool offers a perfect balance between compact elegance and ample space for relaxation. The Caribbean Grey liner gives the water a deep, rich blue hue, adding to the pool's sophisticated aesthetic.

A Sheer Descent water feature enhances the pool's beauty, creating a gentle, cascading waterfall that adds a luxurious touch and provides a soothing atmosphere. The Vinyl Over Steps are seamlessly integrated into the pool's design, ensuring a smooth, uniform appearance while offering easy access. As night falls, the Multi-Colour Lighting System transforms the pool into a vibrant, illuminated oasis, perfect for evening swims or entertaining guests.

The Dagmeir's inground pool is more than just a place to swim; it's a stylish retreat designed to elevate any backyard, offering a perfect escape for relaxation and enjoyment.

I can't thank the Pioneer staff enough. They are just about done with our inground pool and it looks amazing. I wanna thank Jake and Paul for taking the time to explain everything to me. I'd also like to thank Kelly in behind the scenes (amazing woman). I'd also like to thank Mark for his patience with me and answering all my questions.

Also I'd like to thank Jake (junior) and his crew for doing an absolutely amazing job on our pool. Each and everyone of them were there from start to finish to answer any questions I had. I would highly recommend Pioneer Family Pools!

The Magowski's RESORT INSPIRED OASIS

We've created the perfect luxurious summer haven!

This spectacular 18' x 36' rectangular pool is the crown jewel of the Magowski backyard. Its elegant Caribbean Grey liner enhances the modern aesthetic, while the sleek design offers both beauty and function. The pool is brought to life with mesmerizing deck jets and a vibrant multi-colour lighting system, creating a captivating ambiance for evening swims.

Adding to the luxury, a soothing spillover spa provides the perfect space for relaxation, offering an indulgent retreat right in their backyard.

The auto cover not only adds convenience but also provides enhanced safety.

The design is further elevated with custom vinyl over steps ensuring seamless access and a sophisticated finish. This pool effortlessly combines style, comfort, and practicality, making it an extraordinary addition to any outdoor living space—a true masterpiece for enjoyment!

MIX & MATCH DIFFERENT MATERIALS

Pool landscape design has changed significantly over the past few years. Gone are the days of large properties and open space between neighbours. Our extensive industry experience has helped us to develop innovative ways of making your backyard, no matter what the size, exactly what you dreamed. Check out our new 'small pool' concepts and connect with one of our experienced pool design experts today!

The Day's Small Yard Oasis 14' X 19' SQUARE I

This inground pool is the perfect example of how a smaller backyard can appear much larger and more inviting with the right shape and style. By making use of this backyard's corner, the area remains spacious and welcomes outdoor entertaining. The interior vinyl over steel steps

preserve the space around the pool deck so there is still plenty of room for hosting friends and family. The poolside cabana provides a space to sit back and relax once you're done floating the afternoon away in this luxurious retreat.

5 CHOOSE YOUR EQUIPMENT

Jandy®
Pro/Series
THE POWER BEHIND YOUR POOL

Versa Plumb Pool System

Whether you choose a Chlorine or Salt sanitation system, our Versa Plumb System is up to the task, reducing hydraulic resistance by up to 50% versus other equipment pads. This innovative system allows for up to a 1/2 HP smaller pump to achieve the same flow, resulting in greater energy savings by using 50% less plumbing pipes and fittings.

1. JXIQ™ GAS HEATER

The JXIQ heater sets a new standard in pool heating technology with ultra-compact size, high efficiency and user-friendly digital control panel.

2. NATURE2® FUSION MINERAL PURIFIER

By combining patented Nature2 mineral technology with an automatic chlorine tab feeder, the water is noticeably cleaner, clearer, and softer. A natural supplement to chlorine by maximizing the chlorine's efficiency.

3. CV CARTRIDGE FILTER

Constructed with durable, corrosion resistant, and heavy duty polymeric materials for long lasting performance. The CV Filter comes in 340, 460 and 580 sq. ft. options. CS 250 for smaller applications is also available.

4. FLOPRO™ PUMP

Fitted with an ergonomic cam-lock lid for easy alignment and strainer basket cleaning. Energy efficient without compromising power.

6 CHOOSE POOL OPTIONS

1. UV SYSTEM

The UV System destroys micro-organisms that chlorine or salt generators cannot, keeping your pool cleaner and healthier while dramatically reducing chemical demand without the harmful by-products.

2. MOOV HEAT PUMP

It's mission is to keep your pool at a constant temperature all season while saving you money. It is a 'set it and forget it' variable speed technology that offers an impressive level of silence and unrivaled value for your money!

3. VERSAFLO INTEGRATED BYPASS

The JXi™ with VersaFlo is the first and only swimming pool heater that automatically directs the flow of water through the heat exchanger when heat is needed and around the heater when heating is not needed — allowing you to save money on your electricity bill.

4. NATURE2 FUSION SOFT SALT WATER

The Nature2 Fusion Soft system is an all-in-one salt water sanitation system. The Fusion Soft combines all of the benefits of the Nature2 Cartridge with the convenience and performance of an automatic salt water sanitizer.

5. ROBOTIC POOL CLEANER

The Zodiac Robotic cleaner takes pool cleaning to the next level with Zodiac Vortex technology for powerful and constant cyclonic suction throughout the cleaning cycle.

6. OZONE WATER PURIFYING SYSTEM

Ozone reduces the demand for pool chemicals by up to 60% by actively breaking down waste and allowing chlorine to work more effectively.

7. VARIABLE SPEED FLOPRO PUMP

The VS FloPro is designed with an innovative adjustable base, allowing for simple installation for new construction. The VS FloPro is designed to be operated at energy saving lower speeds for maximum efficiency.

8. iAQUALINK

Use the App on the go and control your pool or pool/spa system from anywhere. Turn on your heater (increase or decrease the temp.), turn on your pool/yard/cabana lights, and even turn on your water feature. Program specific times for any wired-in pool equipment to turn on and off.

Have You Considered Salt?

We've seen the trend switch from traditional systems to new & improved salt water sanitation systems. Here's a breakdown of some of the benefits:

ENJOY CONSISTENT SANITATION

With a salt sanitation system, you'll enjoy the benefit of a more consistent sanitation system as the salt cell itself is responsible for creating its own chlorine to sanitize the water. Chlorine in a salt pool? Yes! Unlike a chlorine system, where chlorine has to be handled and added manually, salt systems regenerate natural chlorine to provide a safe and balanced system.

IT SAVES TIME

Salt water pools require less maintenance to alleviate traditional harms like algae, because algae does not grow as quickly in salt water pools due to more consistent sanitation. The water is naturally transformed from salt to chlorine saving you time by not having to balance your water as often.

SPEND LESS ON CHEMICALS

Once you've added your salt to your pool for the season, chances are, you won't have to add any more. The only time you'll need to replenish the salt will be after a hard rainfall where the water balance may have skewed, when you have to re-fill, or when backwashing. You won't need to handle chlorine or worry about getting it on your clothes as the salt system produces its own natural chlorine.

SILKY, SMOOTH WATER

One of the major benefits to salt water pools is that they avoid the build-up of chloramines. The consistent replenishment of chlorine prevents strong chemical odours and allows for Pool owners to enjoy silky smooth water that is easier on your skin, eyes and hair. Salt water systems operate a lower chlorine level

which means the water is less drying to your skin. And don't worry about tasting the salt in the water. A swimming pool will operate at approximately 3,000 ppm of salt, whereas the ocean holds a 35,000 ppm of salt. Enjoy more of your pool with less work.

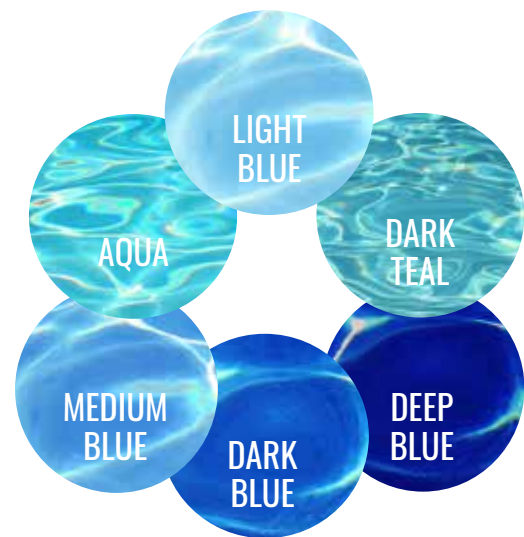

These are just a few of the primary benefits to having a salt water pool. In the end, the decision comes down to how you plan to use your pool, the overall maintenance you want, and the feel you want to achieve when you first walk in. We carry a selection of Chlorine, Bromine, Ozone, UV, and Salt Systems to provide you with all the options for keeping your pool clean.

If you have any questions, our knowledgeable staff are here to help you make the right choice for your unique backyard oasis.

7 CHOOSE YOUR LINER

Want A Lagoon Look? Choose A Dark Grey Or Black Liner!

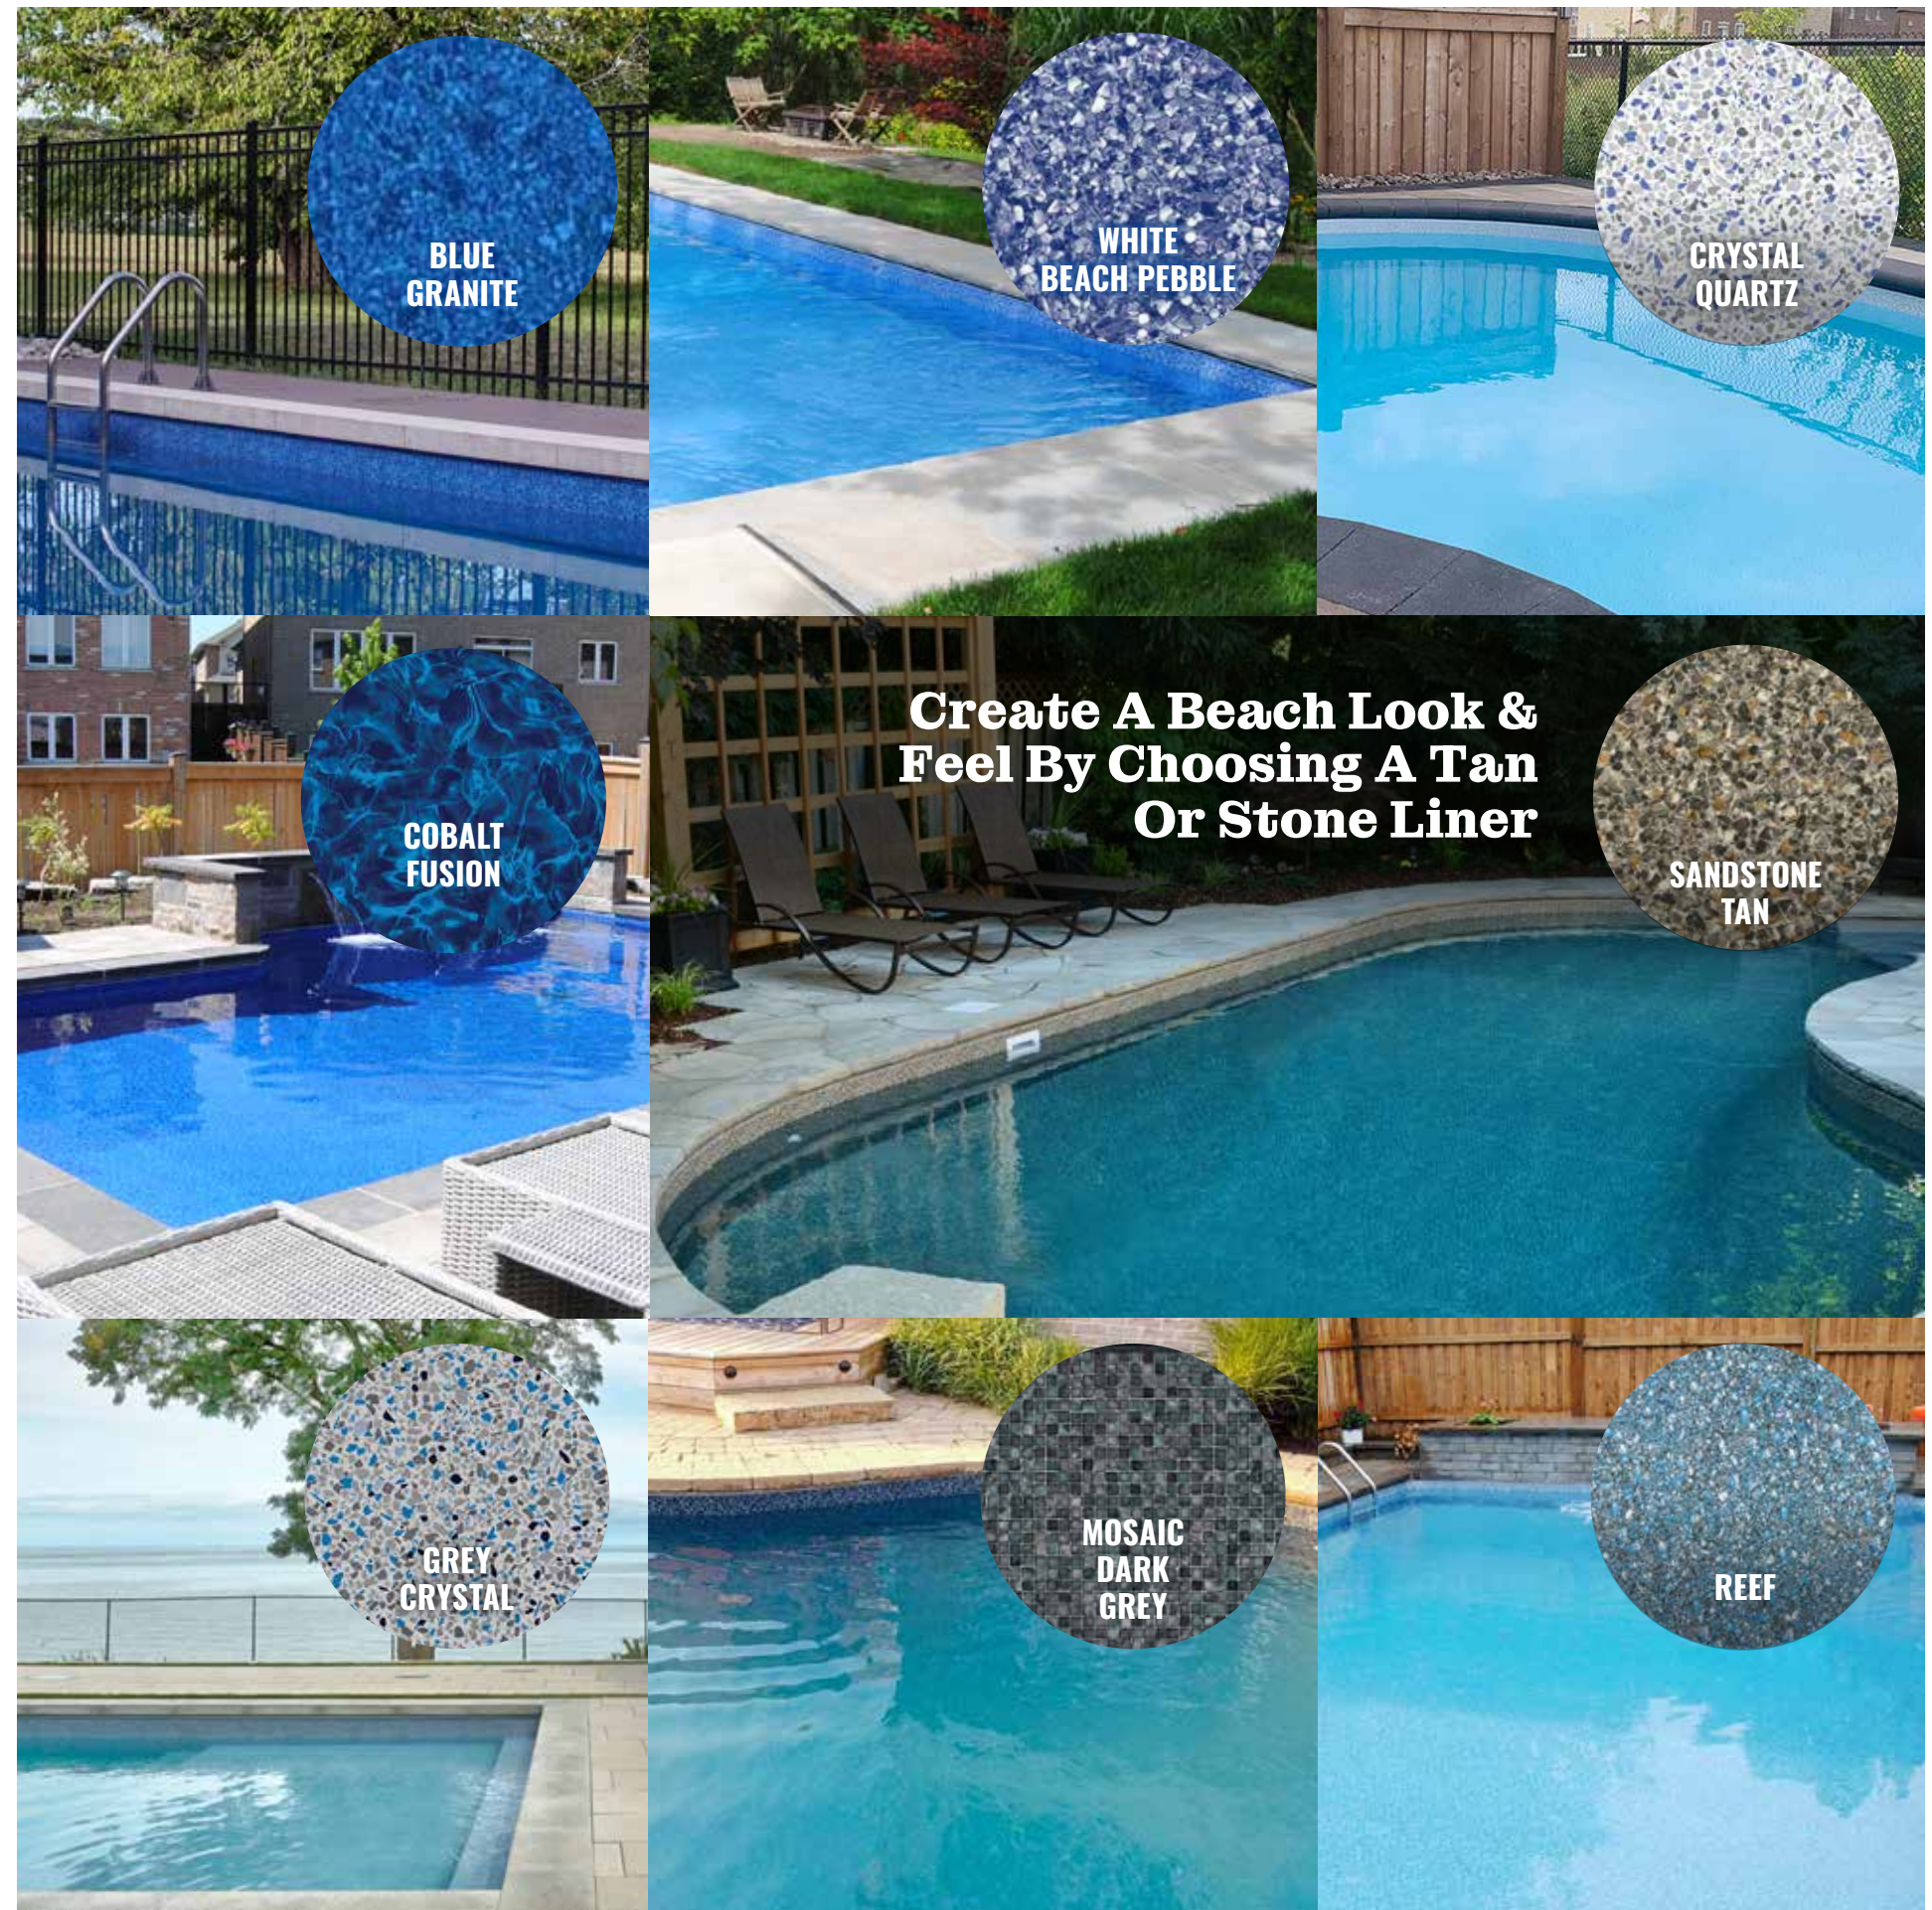

What Colour Pool Water Are You Looking For?

Our incredible selection of pool liners is one of the largest in the industry and feature captivating designs that fit with any backyard oasis. Our liners are made using virgin vinyl material to provide the most durable product and come equipped with warranties of up to 25 years to provide you peace of mind.

Before you begin the search for the right liner you should take a few factors into consideration. How much sunlight does your pool get? Is your pool shaded by trees or other obstructions? Do you tend to swim at day or at night? How deep is your pool? All these factors can change the colour of your pool water, and can help you decide on the colour and pattern of your liner.

Our online Water Colour Selector can help you visualize how different liner colours react differently when water is added.

Add Style & Security With A Safety Cover

Keep your family, friends, and pets safe this winter with a Safety Cover. Our Mesh cover is the easiest, safest, and most economical choice over time. It makes closing your pool a breeze by providing 95% shade to reduce algae growth from Winter to Spring. Our covers are made with the highest abrasion resistance and tear strength in their class and come with a 15-year warranty.

Manufactured with lightweight, mesh material that's available in 4 colours and can be custom made to fit any size or shape pool with just about any feature including raised walls, water falls, diving boards, stairs, and rails. The simple anchoring system allows you take your cover on or off with ease using the included installation bar.

AVAILABLE IN FOUR GREAT COLOURS

THE STRENGTH IS IN THE SEAMS

Safety is in the details. Seams are interlocked & double overlapped using special UV & chemical resistant threads. A Box Tack reinforces the straps while the protective pads prevent abrasion.

NO MORE SCRUBBING, NO MORE EYESORE

No need to clean and scrub this cover as leaves and debris can be blown or swept right off! Choose from 4 great colours, which means no more unsightly black tarp to look at all winter.

HEAVY DUTY HARDWARE & SPECIALIZED TOOLS INCLUDED

Stainless Steel Springs are able to withstand the harshest weather and the most extreme tension. Safety Covers come with an easy-to-use application tool so that you can put the cover onto the anchors with minimal stress. Contact one of our service experts if you wish to get assistance in applying the cover for pool closing.

COST EFFECTIVE
The rainfall and snow melt will help fill your pool for the Spring meaning less money to get to the proper operating level.

EXCLUSIVELY FROM

TWO EXCLUSIVE FEATURES INCLUDED:

- 1. Larger, Heavy-Duty Springs**
stay-put™ springs that work with current anchor locations. This ensures your springs can handle heavier snow loads
- 2. Pioneer Identification Tag**
When you order our Safety Cover, you get a personalized ID tag that stores your measurements for future reference in our system

INCLUDED IN YOUR SAFETY COVER KIT

Your new Safety Cover comes with all the hardware you need including specialized tools that will be used during installation. The items included are specific to each pool owners unique shape and specs. Owners will also receive warranty information regarding their cover that provides detailed information if any issues should arise.

- Brass or Wood Anchors & Lawn Tubes
- Stainless Steel Springs
- Installation Bar
- Allan Key
- Winter Storage Bag
- Installation Manual & Warranty Guide

Spend Less Time Cleaning & More Time Enjoying With An Auto Cover

Automatic pool covers are designed to ensure a safe and secure backyard experience for your family and friends and yet they are more than just a safety cover. With an automatic cover; heat loss, chemical use and cleaning time are all reduced, helping to lessen the environmental impact a pool can have, while increasing the convenience and enjoyment your pool was meant to bring.

We make it strong. We make it easy.
COVERSTAR
CANADA

TOUCHPAD OPTION THAT LOCKS FOR SECURE ACCESS

Lock-In Winter Cover

Our form-fitted winter cover snaps into your coping with ease, securing the entire circumference of your pool. There is no contact with the deck surface, so staining is impossible. The non-porous cover keeps your water sparkling all winter long. Your pool looks like a pool should all year long!

Our vinyl lock-in winter covers are made right here in Canada, come with a 5-year warranty (1-year full Warranty, 4-year pro-rated Warranty) and are custom made to fit your pool.

WE HAVE THE BEST WARRANTY IN THE BUSINESS

Pool Wall Structures

Your Pioneer Family Pools Dealer guarantees that the entire wall and supporting structure of all Pioneer Inground Pools are free from manufacturing defects and will perform satisfactorily for as long as the original purchaser owns the pool.

Inground Pool Coping

Your Pioneer Family Pools Dealer guarantees that the coping on all Pioneer Inground Pools are free from manufacturing defects and will perform satisfactorily for as long as the original purchaser owns the pool.

Concrete Pool Bottoms

All concrete bottoms installed by Pioneer Family Pools are guaranteed to be free from defects in material and workmanship and will perform satisfactorily under normal ground conditions for as long as the original purchaser owns the pool.

Underground Plumbing

All underground plumbing in your Pioneer Inground Pool is guaranteed not to leak under normal operating conditions for as long as the original purchaser owns the pool and provided Pioneer winterizes the pool.

Concrete Pool Decks

The engineered perimeter deck installed by your Pioneer Family Pools Dealer is guaranteed to be free of settlement under normal ground conditions for as long as the original purchaser owns the pool. Due to the inherent nature of concrete, cracking can occur due to climatic conditions and is considered normal and is not covered by this warranty.

Extended Equipment Warranty*

Your Pioneer Family Pools Dealer extends the terms of Jandy's original equipment warranty of 1 year by an additional 2 years to cover the costs of materials and labour incurred in the repair of such equipment, with a \$200 deductible payable by the pool owner in the 4th and 5th calendar years. (Heater is excluded from year 4 and 5).

Transferable

This guarantee is transferable by the original purchaser to one only subsequent purchaser of the property on which the pool is installed for a transfer fee of \$600 (+ HST) which must be paid to the Pioneer Family Pools Dealer within 30 days of the transfer of title of said property. Pioneer Family Pools retains the right to inspect each pool before the transfer of said warranty.

General

These guarantees are in lieu of all expressed or implied. No representative or other person is authorized or permitted to make guarantees or to assume liability not strictly in accordance with the terms as shown on the Guarantee Certificate. This warranty is contingent on full payment of the original purchase price being made by the purchaser.

All guarantees or warranties are void if pool equipment is abused or if proper maintenance, installation and winterizing procedures are not followed or if the proper chemical care of the pool water is not maintained. All warranty claims must be submitted to your Pioneer Family Pool Dealer, and must be accompanied by a duly executed original copy of the Pool Sale Agreement.

Pool Liners

Pioneer Family Pools' liners are guaranteed to be free from original defects in workmanship and materials, and not to separate at the seams for as long as the original purchaser owns the pool. Should an original defect or seam separation occur, your Pioneer Family Pools Dealer will rectify the problem at their own cost, or offer a replacement liner in accordance with the following cost sharing schedule:

YEAR NO. AFTER PURCHASE DATE	DEALER'S REPLACEMENT LINER COST SHARE
Year 1 & 2	100%
Year 3 & 4	75%
Years 5 - 7	40%
Years 8 - 10	25%
10+ Years	15%

In addition, for pools installed by your Pioneer Family Pools dealer, the liner warranty covers 100% compensation for loss of chemicals and labour, for the first 2 years only.

* This warranty extension pertains only to a pool equipment system that consists solely of Jandy products.

THE BEST IN POOL CUSTOMER SERVICE

Pioneer Family Pools was recently recognized by Ford Motor Company of Canada for superior performance with new pool customer service and overall customer satisfaction throughout the buying process. Thanks for considering us!

From Start To Splash (& After) We're Here!

Our Expert Staff will guide you through the selection process and help you every step of the way. Throughout the ownership experience, we provide you constant support and expertise when you need it most.

Professional Crews

Our installation professionals are exclusive to Pioneer Family Pools and have worked with us for decades. This ensures that they reinforce our high standards and can answer any questions throughout the construction process.

Education & Training

With all of the new technology surrounding your swimming pool; know that we have educated professionals that will answer any questions and provide educational material and guidance.

Online Resources

We offer a Resource & Helpful Advice section where customers have asked questions, and we have provided easy to access answers.

Strong Reputation

We are privileged to have our customers as our brand ambassadors. Many of our referrals are through word of mouth and online reviews. We are very grateful to have so many customers who have allowed us to be a part of their experience.

Family Owned & Operated

Through all facets of our organization, you will find Family & Close Friends who have committed their time and knowledge to creating the best customer experience.

LET'S TALK FIBERGLASS POOLS

FEATURED MODEL
AMALFI IN AUTUMN GREY

I had a fiberglass pool installed in my backyard fall of 2023 and I couldn't be happier with the experience! From the initial consultation to the final touches, the entire process was seamless and professional. Bryn took the time to understand my vision, offering creative ideas that enhanced my space beautifully. The construction crew was efficient and respectful, ensuring minimal disruption to my home.

Overall, this pool installation has exceeded my expectations. I highly recommend this team to anyone looking to transform their backyard into a personal paradise!

Daniela Tripolitano

WHAT SETS US APART

GRAPHENE NANO-TECH

Graphene Nano-Tech pools, which are lighter, stronger, and more durable than traditional GFRP pools, are manufactured using a process that combines graphene-infused resin with traditional GFRP fabrication.

Many other pool manufacturers use vinyl ester to strengthen the outside of their pools and resist water damage. Thanks to this breakthrough in fiberglass manufacturing, we have entered a new era for pre-molded fiberglass swimming pools with greater strength, durability, and water and chemical resistance.

Superior RESISTANCE
Pools 30% STRONGER

ANTI-MICROBIAL PROTECTION
Microtech Anti-Microbial Pool Protection guards the pool's surface against the growth of bacteria, making it exceptionally hygienic and safer for your family.

QUALITY ASSURED
Certified to build to AS/NZS 1838 under license BMP No 520101. We are measured and tested by an authorized, independent auditor. For your peace of mind, always ask for a license number. We also comply with the AS/NZS ISO 9001 Quality System.

FADE FREE
Available with Pool ColourGuard surface protection, which resists the effects of UV rays and chemicals, guaranteeing pool colour will not fade.

SUPERIOR MATERIALS
All pools are manufactured using new generation, high-performance, corrosion-resistant, eco-friendly fiberglass with improved strength and stiffness. Our onsite gelcoat manufacturing facility means daily batching of materials for a better product. Only specialty materials are used - no general-purpose products.

SUPERIOR STRENGTH
Full-sized structural ribs fully supported steps and bench seating, and a wider edge beam means our pools are independently structural. New high-strength, corrosion-resistant fiberglass produces a stronger, stiffer pool by 20%.

LIFETIME WARRANTY
Pool ColourGuard Limited Lifetime Interior Surface Guarantee and Extended Lifetime Structural Warranty - our commitment to providing extended warranties.

Advanced Technology in Fibreglass Swimming Pools

A pool with ColourGuard offers the following advantages, thanks to patented technology and a Lifetime Interior Surface Guarantee:

- Pool Colour That Won't Fade - Guaranteed For Life On Interior Surface**
- Superior Chemical & Water Resistance**
- Exceptional High-Gloss Finish & UV Ray Resistant**

DUAL COAT SYSTEM - EVERY LAYER MATTERS

OUR POOLS ARE BUILT LIKE NO OTHER

Wall Structure

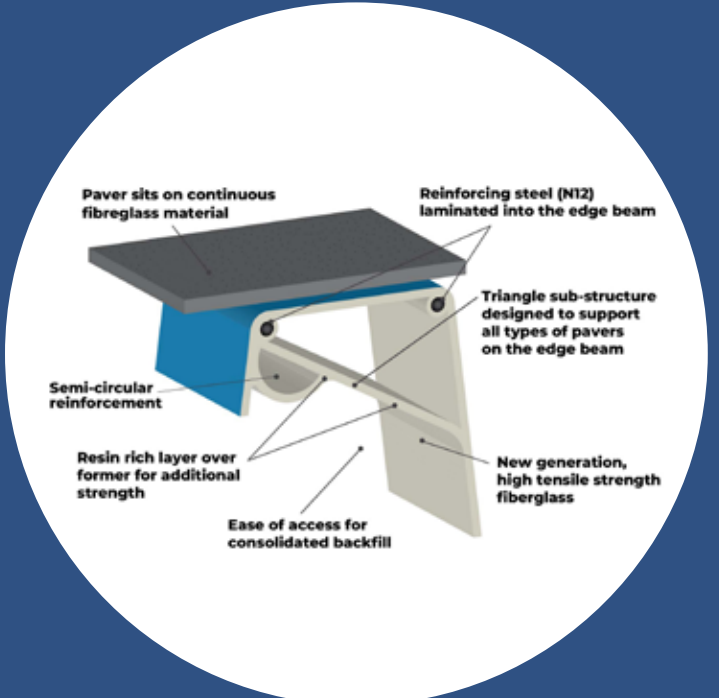

Pools are built with a full-size structural ribbing system along the walls. This reinforces the pool and makes it independently structural when installed into a sandy hole, eliminating the need for dirt and cement backfill.

Edge Beam Detail

A 200mm wide edge beam is standard with every pool. The design of the edge beam means your pool is structurally sound without having to add secondary engineering works, such as a concrete ring beam. Most paving companies have designed their headers to perfectly fit our edge beams.

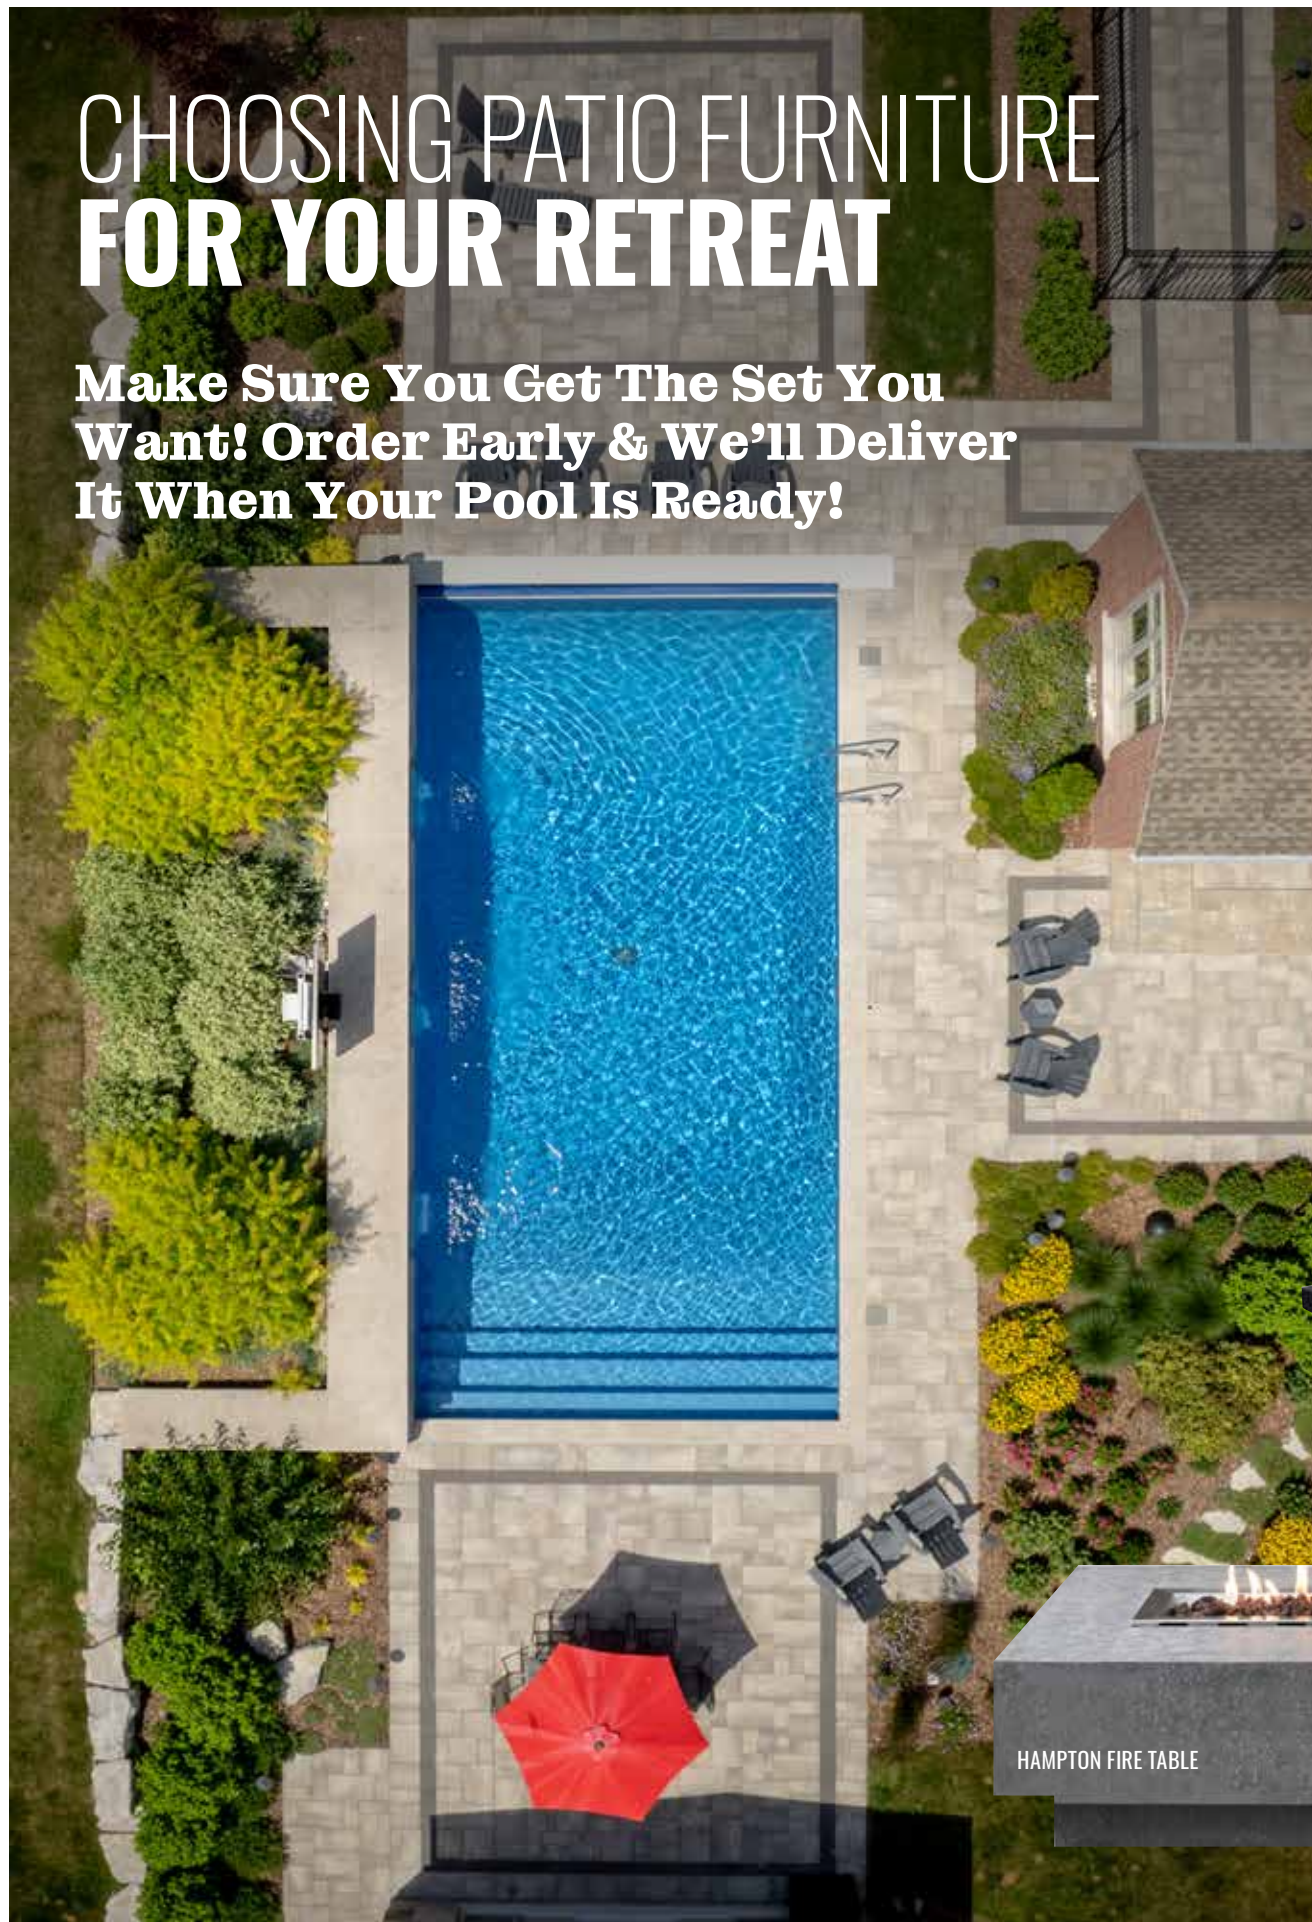

Step Reinforcement

Support structures in the step area ensure that backfill can easily and effectively be placed around the pool to sustain the entire pool structure. Without this, it would be impossible to ensure the backfill is consolidated under the step area.

CHOOSING PATIO FURNITURE FOR YOUR RETREAT

Make Sure You Get The Set You Want! Order Early & We'll Deliver It When Your Pool Is Ready!

When designing your ideal outdoor retreat we like to start by asking what your ultimate vision is. Do you like to eat meals outside? Do you entertain often? If so, how much seating would be reasonable to accommodate your guests? These questions help us paint a picture of your needs to ensure you get the set or piece you need to complete your space.

Once we know your vision things get a lot easier! We offer a wide variety of sets that suit almost every style. The next thing to consider is the size of the space and how much room you want surrounding the set. Choose from sets that include the various pieces you'll need to complete the space, or consider a modular sectional that allows you to customize your space and achieve the perfect fit.

If you're looking for deep seating options other than sectionals, we offer bistro sets, sets for smaller spaces, or even picking your favourite item from a piece in one of our collections.

Considering a dining option? Our wide variety of collections allow you to find the set you want, or mix and match between various collections as all of our dining sets are priced separately!

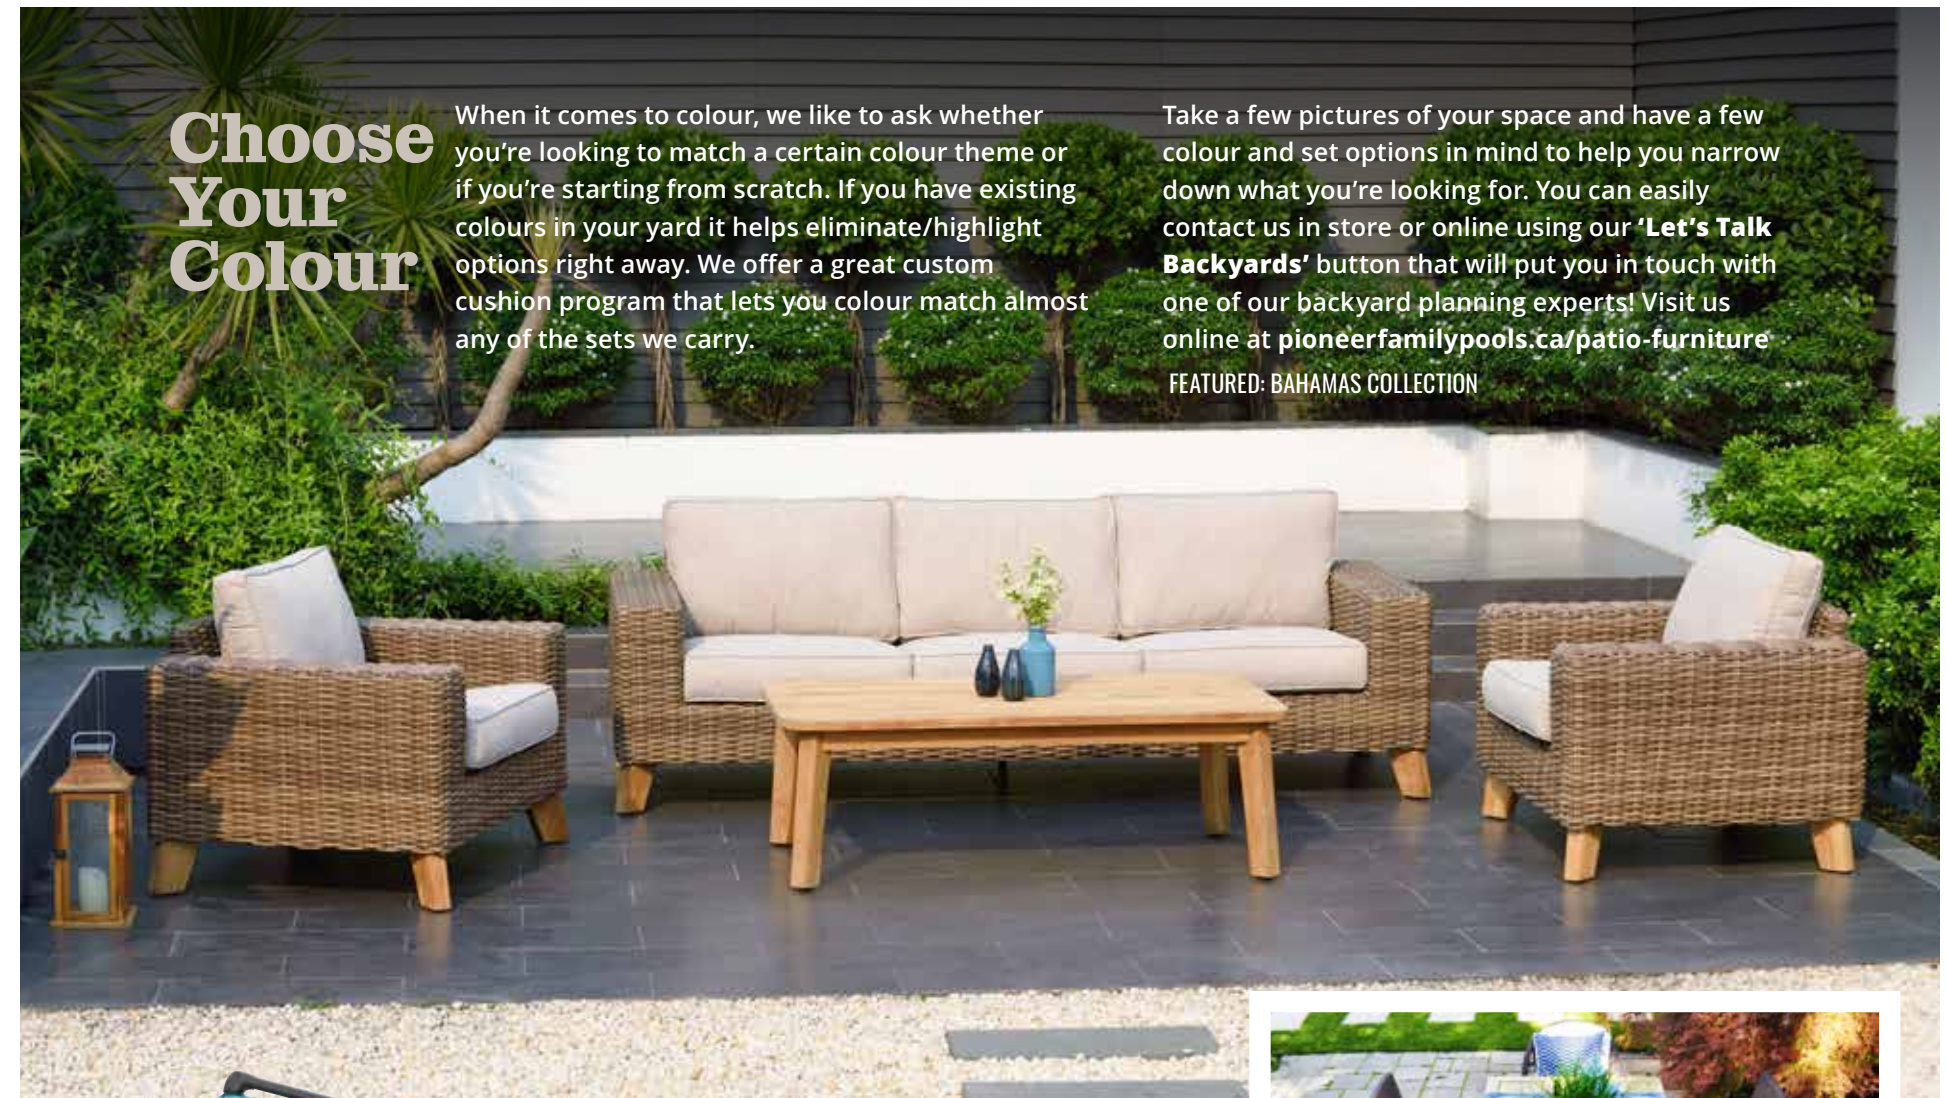

Choose Your Colour

When it comes to colour, we like to ask whether you're looking to match a certain colour theme or if you're starting from scratch. If you have existing colours in your yard it helps eliminate/highlight options right away. We offer a great custom cushion program that lets you colour match almost any of the sets we carry.

Take a few pictures of your space and have a few colour and set options in mind to help you narrow down what you're looking for. You can easily contact us in store or online using our 'Let's Talk Backyards' button that will put you in touch with one of our backyard planning experts! Don't Forget The Extras! Add A Fire Pit To Warm Up Cool Nights

Shade The Hot Sun With An Umbrella, Gazebo Or Pergola

CREATE YOUR OWN BACKYARD OASIS

A hot tub is the solution for a cozy and comfortable way to gather and connect that your family and friends will enjoy. The best part about family time in the hot tub is that it forces everyone to unplug, if even for 20 minutes, and actually interact in person. For less than the cost of an average vacation, you can have a backyard oasis to enjoy with your loved ones every day for years to come.

Enjoy a simpler, cleaner way to hot tub with the Fresh Water Salt System. Maintenance is easy, keeps your water cleaner, softer, and more natural.

LULEA SAUNA

NEW!
REFLECTION ROOM SAUNA

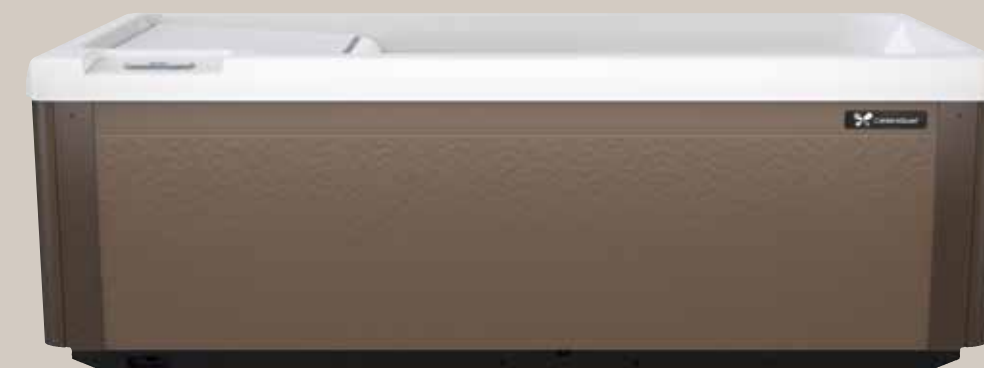

Transform Tension Into Rejuvenation

With seating options from 2-8, you're sure to find the perfect fit for you.

NEW!

Cold Plunge Therapy Tub Hot & Cold Therapy In Perfect Harmony

This invigorating wellness practice alternates warm water hydrotherapy with bracing cold to deliver a range of health benefits, from boosting your immune system and reducing inflammation to enhancing sleep and building resilience to stress.

MASTER THE ART OF WELL-BEING

In a world that never slows down, we are constantly seeking new ways to relax and rejuvenate. A sauna can help recover muscles faster after physical activity, provide deep relaxation and also help to detoxify the body by opening pores and increasing sweat production. Control your Sauna from your phone and have it ready when you come home from a workout or after a challenging day at work.
